

ESTIMATE OF EFC

BASED ON PARENT INCOME

EFC IS "EXPECTED FAMILY CONTRIBUTION"

The minimum amount of money your family is expected to pay each year toward college costs as determined by an analysis of family income and assets as reported on the FAFSA. The EFC is used by the federal and state governments and the colleges to determine eligibility for need-based financial aid, including grants, loans, and work-study.

EFC ESTIMATES BELOW ARE BASED ON A FAMILY OF FOUR WITH ONE CHILD ATTENDING COLLEGE. ESTIMATES DO NOT INCLUDE CONTRIBUTIONS FROM PARENT ASSETS OR STUDENT INCOME OR ASSETS.
